
ViaQuest - Music Therapist Position

A Great Opportunity for across the state of Indiana

ViaQuest Community Solutions (VCS) supports individuals of all ages with intellectual and developmental disabilities, traumatic brain injury, and Autism. VCS believes success comes from focusing on what a person **CAN** do – we focus on capabilities, not disabilities. With a thirst for forward thinking and person-centered values, we continue to believe that each person deserves a fresh approach. We focus on quality of life and independence at all levels.

VCS is widely known throughout Indiana for exceptional outcomes with individuals who present with unique and complex issues, particularly individuals with co-occurring mental health and behavioral challenges. We are expanding our Music Therapy Team and seeking experienced, Board Certified Music Therapists to support individuals with intellectual and developmental disabilities. We are hiring for home based music therapy positions. As a full-time employee, you will receive the stability of a consistent salary coupled with an incentive program, generous PTO, paid holidays, and benefits, including company paid disability and life insurance. Clinicians receive the additional flexibility to create their own work schedules.

Responsibilities may include:

- Collaborate with all members of the individuals' service team to ensure great communication and customer service is in place.
- Subscribe to a clinical strengths-based approach.
- Be invested in the team process and demonstrate strong clinical skills and interpersonal communication skills.
- Uses Music therapy supports to aid in the development and growth in the following areas: social skills, communication, motor skills, emotional expression, coping skills, attention span, cognitive skills, and other identified need areas.
- Uses music therapy to stimulate and develop attention to be a significant support for those with more complex needs.

- Uses music to influence connectivity in multiple parts of the brain to elicit changes in brain function, improving communication between the brain and body.
- Uses dedicated therapy treatments to regulate intentional motor movement patterns that consequently improves communication, body awareness and control, motivating changes in other areas of the person's life.

Work Location:

Home and community-based

Requirements for this position include:

- Minimum of bachelor's degree in music therapy (MT-BC).
- Valid (Indiana) driver's license
- Auto insurance and reliable transportation
- Experience with the Medicaid Waiver, Neurologic Music Therapy, and in the field of Disability Support is highly valued
- 2 years of music therapy experience preferred

Must be:

- Self-motivated
- Detail oriented with exceptional follow through
- Organized, efficient time management skills
- Highly professional, dependable, reliable

What ViaQuest can offer you:

- Full time: Salary with incentive structure
- Flexible scheduling
- Generous PTO for part-time and full-time employees
- Paid holidays for full-time employees
- Benefit package for full-time employees (including medical, dental, vision, 401k, and company paid disability and life insurance) - Comprehensive training, professional development opportunities and supportive leadership
